## WHAT MAKES US DIFFERENT?

**Zero Chemicals. Pure Innovation.** – We harness the power of revolutionary cleaning technologies that are tough on grime but gentle on people and the planet.

**Industrial-Grade Performance.** – From bustling restaurants to high-demand food processing plants, TISZTEC delivers spotless, safe, and certified cleaning without disrupting operations.

**Sustainable to the Core.** – We don't just talk green – we act green. Our process reduces environmental impact while exceeding EU hygiene and safety standards.

# OUR SERVICES

## Deep Industrial Cleaning:

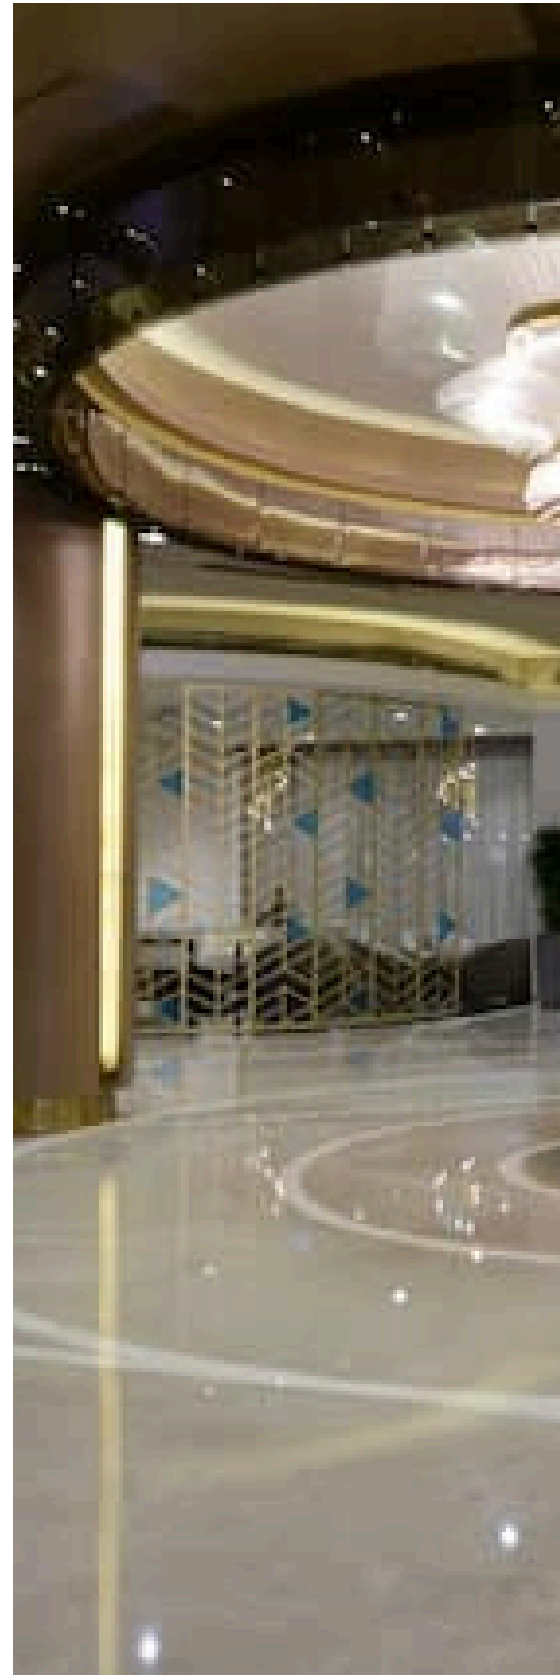

For food plants, healthcare environments, hospitality kitchens, and more.

## Restaurant & Commercial Kitchen Hygiene:

From fryer hoods to floor drains, we clean where others can't.

On-Demand or Ongoing Contracts – Flexible scheduling to meet your business needs –

whether you need a one-time rescue or routine maintenance.

## Why Choose TISZTEC?

✓ No Harsh Chemicals – Safe for staff, clients, and the planet.

✓ Certified Technology – We use patented systems built for performance.

✓ Eco-Conscious – Save water, energy, and waste.

✓ Tailored Solutions – No two clients are the same – and neither are our cleaning strategies.
